HELPING MIAMI SHINE

Magnificent and multicultural, a world-class hub for business, education, healthcare, and creativity: Miami has all the ingredients of a truly great city.

Yet Miami ranks lowest among U.S. metro areas in the community spirit and civic cohesion that allow cities and their residents to fulfill their potential. Building those connections, and enhancing access to the skills and resources that will help all Miamians enjoy a better quality of life, is what **Catalyst Miami** is all about.

For more than 16 years, we have worked tirelessly to link people, neighborhoods, organizations, and services in Miami, South Florida, and throughout the state for the benefit of all. Whatever your interest or priority, you can play an important role in building a better community when you get involved with Catalyst.

Connect for Opportunity

Thousands of people in our region need not a handout, but a hand up. We assist them through counseling services, education, and guidance. So when you support Catalyst Miami, you're fostering self-reliance, stability, and a better quality of life for all Miamians.

Connect for Leadership

When it comes to civic quality of life, silence is never golden. Catalyst Miami teaches our neighbors to lead and make their voices heard through powerful, customized training experiences that reveal new talents and transform lives.

Connect for Impact

At Catalyst Miami, synergy is powerful. We provide consulting, training, and technical support to help launch innovative programs and enable fellow organizations to pursue their missions more effectively.

Connect for Progress

Catalyst Miami serves as the backbone for vital community initiatives. When urgent issues affecting our shared well-being emerge, we reach out to our elected leaders to champion progressive policy and help protect essential services.

Connect for Good

Day by day, in dozens of ways, we help to make our community a better place. Our work invites participation of every type and partnership at every level. We welcome all who share our vision of a thriving Miami to join us.
